

## WINDHOEK TO VICTORIA FALLS (15 DAYS) DESERTS & DELTA EASTER FAMILY OVERLAND

**COUNTRIES VISITED: BOTSWANA, NAMIBIA, ZIMBABWE**

### HIGHLIGHTS

- Explore Namib-Naukluft Park and jeep trip to Sossusvle and Deadvlei
- Climb up Dune 45
- Enjoy many of the activities available in Namibia's adventure capital, Swakopmund
- Visit the Cape Cross Seal Colony
- Visit a Himba Village
- Game drives in Etosha National Park
- Visit Rundu on the Angolan Flood Plain where you'll visit the Rundu Living Museum
- A cruise on Chobe river - rich in wildlife
- Visit the 'pan handle' of the Okavango Delta, the Caprivi Strip
- View the spectacular Victoria Falls on foot, from the air, from a boat or upside down from a bungee rope

### INCLUDES

- All transport on our Oasis Overland Expedition Truck
- Arrival (Windhoek) & Departure (Victoria Falls) airport transfers

- Camping and Cooking equipment
- Services of Oasis Crew
- Approximately 80% of meals
- Accommodation/Campsites (approx. 50% hotels/lodges/permanent camps, 50% basic camping)
- Namib-Naukluft National Park and Dune 45
- Bushman's Camp guided desert walk
- Sossusvlei jeep trip
- Cape Cross Seal Colony
- Etosha National Park game drives (in our vehicle)
- Rundu boat trip on the Okavango river
- Chobe National Park boat cruise
- Entry ticket to Victoria Falls (\$50/\$25)

## EXCLUDES

---

- International Flights (available on request)
- Visa fees if required
- Optional activities (see itinerary)
- Travel Insurance (compulsory, available on request)
- Meals not indicated in the itinerary
- Drinks, snacks and other personal expenses (e.g. laundry)
- Tips for guides & drivers
- Entrance fees and activities not mentioned above
- Any other items not mentioned above

## ESSENTIAL INFORMATION

---

### PRE-DEPARTURE MEETING

As this trip includes airport transfers and the first night of accommodation in Windhoek, you can arrive at any time on day 1. Your tour leader will arrange a welcome meeting early in the evening on Day 1, and a more extensive pre-trip briefing in the morning of Day 2. There will be a notice in reception advising you of the time of the welcome meeting which we will finalise after knowing everyone's flight times. Your Tour Leader will collect 2 photocopies of your **passport information page, insurance policy details** with policy number and confirmation that the duration will cover you for the entire trip and a **24-hour emergency assistance** telephone number.

### FLIGHT INFORMATION

You should aim to arrive in Windhoek ideally before 5pm on Day 1 so that you can transfer to the hotel, check in and meet the rest of the group before settling down for the night. We will be departing Windhoek early on Day 2.

Return flights can be booked for anytime on Day 14, though you may wish to allow some extra time to explore Victoria Falls as there are many activities on offer and we will only have had a short time to view the Falls on Day 13.

There are many online flight search engines such as [www.skyscanner.net](http://www.skyscanner.net) or [www.ebookers.co.uk](http://www.ebookers.co.uk), flights can also be booked direct with airline websites or through travel agencies. We are not able to book flights from the UK ourselves. Please inform us of your flight details through your online account, as airport transfers can be arranged for various trips.

**One way ticket:** If you intend to travel on a one way ticket to meet up with one of our trips, without possessing an onward flight ticket - we recommend that you have a copy of your payment confirmation/receipt (that you will be sent at time of your balance payment) available at immigration to assist easy entry.

## PASSPORTS

Your passport must be valid for at least 6 months AFTER your trip finishes. This is a general requirement for all of the countries we travel to on our trips.

If you have dual nationality you can only use one passport for the entire trip. It is your responsibility to ensure you have all the relevant visas you require.

Please bring 2 photocopies of your passport details to give to your tour leader.

Number of blank pages required for the trip, please use this as an approximate guide:

- Zimbabwe - 2 blank pages
- Botswana - 1/2 blank page
- Namibia - 1/2 blank page

## VISAS

The information below is to be used only as a guide and may change without prior notice. It is advisable to contact the relevant embassy in plenty of time before the trip departs to check the current visa requirements. It is **your responsibility** to ensure you have all the relevant visas and paperwork you require.

## Visas obtained at borders must be paid for in USD cash ONLY.

Country	British	Irish	Aust	NZ	S.Africa	USA	Canadian
Zimbabwe	US\$55	US\$55	US\$30	US\$30	Free	US\$30	US\$75
Botswana	Free	Free	Free	Free	Free	Free	Free
Namibia	US\$90	US\$90	US\$90	US\$90	US\$90	US\$90	US\$90

### Important Notes:

**Namibia** e-visas should be obtained in advance (new requirement starting 2025)

To enter **Namibia** with children, you must bring an original or certified copy of each child's **birth certificate showing both parent's names**. This needs to be the full copy, not a shortened/abridged version.

In addition, to enter **Namibia** and **Botswana**, **if you will be you will be travelling as a solo parent with one or more children**, then there is a very important additional requirement you need to be ready for. At both the Botswana and Namibia borders you will be asked to show an **Affidavit** signed by the child/children's other parent confirming that they give you authority to travel with the children without them being present.

This affidavit should have the children's names, dates of birth and passport details on, the second parent's name, address, contact number and signature, AND should be signed and stamped by a local police station or lawyer. Please ensure you bring a copy of this with you, and also send us a scanned copy before the trip departs, or you may not be allowed to enter the country.

**Zimbabwe** visas are normally obtained at the border when we get there - you don't need to arrange them in advance.

For more information on other nationalities & visas checkout [www.projectvisa.com](http://www.projectvisa.com)

### Botswana

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada, South Africa and most EU countries will not require a visa to enter Botswana.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

## Namibia

- **All trips:**

Most nationalities require a visa costing 1600 Namibian Dollars. This is a new requirement and we expect to be able to obtain the visa at the border.

You can check your nationality at <https://eservices.mhaiss.gov.na/>

## Zimbabwe

Passport Holders from UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries will require a visa to enter Zimbabwe. We will obtain this visa whilst on the trip at the border on arrival, a visa can also be obtained at the airport on arrival into Harare and Victoria Falls. Approximate cost for Australian, USA and New Zealand Passport Holders is \$30 USD, British and Irish passport holders \$55 USD and Canadian \$75 USD for a Single entry visa. South African passport holders are Free of charge.

If you are planning on going over to the Zambian side of Victoria Falls from Zimbabwe you will need to obtain a double entry visa for Zimbabwe so that you can return back to Zimbabwe after your day trip. Approximate cost for Australian, USA and New Zealand Passport Holders is \$45 USD, and British passport holders \$70 USD.

Canadians & Irish passport holders are unable to obtain a double entry Zimbabwe visa.

The visa into Zambia is called a Day Tripper visa and is available at the border and only valid for stays of less than 24 hours. The approximate cost is \$20 USD.

For those **joining in Victoria Falls** a UNI-Visa is available at the airport on arrival, which is a multiple entry visa between Zimbabwe and Zambia and costs approximately \$50 USD.

Passport Holders from other countries, will need to check the current visa requirements with the relevant consulate, and whether you need to obtain the visa in advance.

## **VACCINATIONS AND HEALTH**

It is possible that you may require some vaccinations for your trip, depending on the areas that you are visiting. As we are not medically trained, we are unable to give detailed advice on vaccination requirements, so please use the information below as a guide only. We have worked closely with **Nomad Travel Clinics** for many years and they offer Oasis travellers a **10% discount** on vaccinations, anti-malarial drugs, first aid items, clothing and equipment, just enter discount code OASIS1000 at [Nomad Travel](#). Alternatively you can check out the [Fit for travel website](#) for more travel health information or consult a reputable travel clinic or your GP for information and advice. We

suggest that you allow at least 8 weeks to get all your vaccinations.

**Yellow Fever** - Being vaccinated against Yellow Fever and having a valid certificate and a photocopy is deemed compulsory in nearly all the countries we visit in Africa, especially at certain borders and are needed if you are entering from an infected country. You can view a list of countries requiring a certificate through the [World Health organisation](#).

**Rabies** - Vaccinations are regularly advised for all countries that we travel through in Africa - especially if time and money are not a deterrent.

**Malaria** - In some of the areas we visit there is a risk of contracting Malaria. You must be aware that whatever malaria prophylactics you are taking, they only offer partial protection. They must be coupled with your own physical efforts against being bitten - which is the best prevention. Malaria-carrying mosquitoes come out at sunset so from this time you should wear long sleeves and trousers. Exposed skin, especially ankles, should have insect repellent containing 'Deet' applied to them. Your crew will advise on where the worst affected areas are on the trip. There are a number of prophylactic malaria treatments on the market & requirements change. It is also wise to take a sample of whichever prophylactic you choose, a few weeks before you leave. This way you may determine early on if you have any adverse reactions so you can change the regimen if necessary. Please consult a reputable travel clinic or GP for advice. For more information visit [Nomad Travel](#) or [Fit for the Travel](#) website.

**Dengue** - Unlike the malaria mosquito, which bites at night, the dengue carrying mosquito bites during the day. Some areas we travel to do have occasional outbreaks & it is therefore advised that you take care not to be bitten during the day as well as at night. There is no vaccine available.

**Health** - To join our trips you should be in good general health. Your medical insurance company must be told if you have any pre-existing medical condition / allergy or if you are on any regular medication, otherwise you may not be covered under your policies for these. Our crew will need to know of any medication or conditions you may have. For general health advice log onto [here](#).

## TRAVEL INSURANCE

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip & at the very least are insured for all necessary medical & repatriation costs incurred.

You will be asked to provide the following details if you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website.

## **MONEY, BUDGETS AND LP**

There is no Local Payment on this trip. The whole trip price is paid before you travel. You will however need some spending money during the trip...

### **How to bring your currency?**

Past Oasis travellers have fed back that, as a general rule it is best to bring your money in **US\$ dollars cash**, although you could also bring a combination of US\$ & £GB if British pounds are your home currency. It will depend on the exchange rate at the time of your trip as to which currency is better, but we suggest that US\$ are the preferred option for East Africa, whilst £GB can also be easily exchanged in Kenya, Tanzania and Southern Africa. PLEASE NOTE YOU SHOULD DEFINITELY BRING AT LEAST 50% of your money in cash. You will need to pay for your Zimbabwe visas and many of the optional excursions using cash and there will be times when you need cash to change into local currency. Some travellers worry about carrying so much cash with them, however all Oasis Overland trucks are equipped with an onboard safe for the security of your money and passport.

We also advise to bring £50 worth of SA Rand in Cash, as this may be needed if we arrive into Namibia on a weekend & the banks/ATMs are closed.

**Make sure that all your notes are in good condition. Old, torn or marked notes are often refused by the banks and shops. Please ensure your notes are dated post 2006 and do not have a serial number starting with CB.** Scottish pounds are also not accepted.

Please remember that Visas need to be paid for in US\$ CASH ONLY!

## **Spending Money**

From past trips and traveller feedback £100 to £145 per week should cover costs such as some meals out (on average 2 per day are supplied), soft drinks and beers, email & communications, souvenirs and other general spending. Personal spending habits & budgets differ greatly from person to person. Budget on **visa costs** (see visa section above) and **optional activities** separately (see optional excursions page) & allow extra for your **Local Payment** contribution.

## Changing money

Change your money only at banks, hotels, airports or forex bureaus. It is illegal to change money on the street, as these people will normally be opportunistic thieves or undercover police. Your crew will advise you where & when you can change money & with what means. It is also a good idea to have a small CASH emergency fund, to allow for the unexpected.

## Credit & Debit Cards

If you are intending using your credit or debit card, we suggest taking more than one card with you as you may find that your card is not accepted in the first ATM you try. Visa and Maestro cards are best. **We do not recommend using MasterCard based cards in Africa as they have very limited access through large parts of Africa.** Please note that usually you will be given local currency and NOT US\$ or £GB. We recommend that you inform your bank that you will be using your card abroad to avoid it being blocked. Please see the optional excursions page for activities that can be paid for using a Credit or Debit Card. Commission rates vary between 2-8%. It can therefore be helpful to obtain an online account from one of the new 'starter banks' such as Revolut, Monzo, Starling etc. as they often offer much more competitive rates for spending abroad.

## Pre-Paid Travel Currency Cards

These cards are similar to normal Credit and Debit cards but they can be pre loaded with cash before you travel with a set amount allowing you to withdraw this cash using the card at normal ATMs. It is a more secure way to access cash on your trip, but again do not rely on these as your sole means of funds on a trip - (please refer to the ATM section). Several banks and companies now offer these cards, but be sure to look into the rates for withdrawing cash when making your decision. When using these cards abroad you will use them to withdraw the local currency from an ATM and not the currency that you loaded onto the card.

## ATMs

These are available in most major cities along our route and allow you to withdraw local currency only. We discourage you from relying on your ATM card as a primary source of funds in case it is lost/stolen/swallowed, or the machine isn't working. In some destinations we probably won't even see a bank or ATM for days on end so having hard currency to exchange is essential. Besides memorising your PIN, it is also important to be aware of your daily withdrawal limit and bank withdrawal costs. Please note that although Zimbabwe's currency is US Dollars it is not currently

possible to obtain USD cash from ATMs or banks due to the country's cash shortage.

## **Tipping**

Is often expected and relied upon. It is often more than a reward for services well done, but, as wages are extremely low, it is an accepted means of supplementing an income. If you would like to leave a tip for any activity/individual, you could organize this as a group and give a tip at the end. A recommended amount for restaurants is usually 10% of your total bill and similar for activities. Some countries also add an extra Government tax on restaurant bills.

Because it can be difficult to know what to tip, and because it has such importance in some areas both economically and culturally, there may be times and activities for which your crew will make it clear what level of tipping is 'customary/expected'. They may also be quite enthusiastic or assertive in encouraging you to take account of these suggestions. This is motivated by the knowledge of how important tipping can be, and the offence or confusion that can be caused when local people are tipped poorly. In the end, tipping remains at the discretion of the individual, but our crew will continue to advise on normal or average rates, and we would ask you to carefully consider the economic or personal impact of being seen as 'under tipping'. We know that many who travel with us are on a tight budget, but ask you to consider that those we work with locally may also face financial hardship, and also work very hard to try to give you unrivalled service/ experiences.

As a very rough guide, we would suggest that you budget for an amount equal to 10% of the local payment for your trip, plus 10% of the cost of any of the listed optional excursions that you wish to do. The amounts you end up tipping may vary from a rigid 10%, but hopefully this will help you budget in general.

In the past we have been asked by travellers about tipping your Oasis Crew. If you choose to do this, it would be budgeted separately from the above. Our guys work very hard at making your trip a great travel experience. Working overseas can often be challenging and they are pretty much on call for you 24 hours a day, so it's appreciated as a thank you for hard work and good service, but of course not mandatory. Our suggestion is to budget around US\$2-5 a day.

## **CLIMATE**

In Southern Africa (Malawi, Zimbabwe, Botswana, Namibia and South Africa) the 'dry' season is April to October when the nights can be quite cold, particularly in June and July when it can get very cold at night. Day temperatures are very pleasant at this time, usually mid 20s (°C). From November to March the weather is hotter and there is summer rainfall, although this is very intermittent when it may not rain for months, or it can rain for a day at a time. [View African Climate Chart](#)

## **WHAT TO TAKE**

The less you take the less you have to pack, wash & lug home & you can always pick up extras along the way. Most people make the mistake of bringing too much. Clothes washing or laundry facilities will be available at least once a week. You will be travelling in the heat & camping in the cold, so bring clothes for all climates; rough stuff is best. Pack according to season: summer is very hot in places & winter can be very cold with occasional frost overnight in the south. (May to Aug can be very cold in Southern Africa). Make sure that you bring your gear in a 70-90L rucksack or holdall - suitcases are not suitable.

Equipment	Toiletries - Most available to buy on trip
<ul style="list-style-type: none"> <li>• Sleeping Bag - 3 to 4 season bag, depending on season, &amp; sleep sheet</li> <li>• Foam sleeping mat or thermarest &amp; repair kit</li> <li>• Small day-pack or small bag to carry daily items</li> <li>• Soft rucksack or holdall (NOT rigid suitcase)</li> <li>• Water bottle - for personal use - we recommend Water-to-Go (see below Responsible Travel)</li> </ul>	<ul style="list-style-type: none"> <li>• Soap, shampoo, toothbrush/paste, antibacterial hand wash, lip balm &amp; moisturiser</li> <li>• Sun block 35 + after sun, hat &amp; sun glasses               <ul style="list-style-type: none"> <li>• Tampons (can buy in most places)</li> <li>• Contraception</li> </ul> </li> </ul>
Clothes	Personal Effects
<ul style="list-style-type: none"> <li>• One pair of trainers or boots</li> <li>• Sandals/flip flops/jandals/thongs</li> <li>• Underwear/socks</li> <li>• T shirts/shirts</li> <li>• Shorts/swimwear</li> <li>• Jeans/trousers/jog pants/leggings</li> <li>• Skirt or dress</li> <li>• Sweat shirt/jumper</li> <li>• Jacket/fleece &amp; waterproof jacket</li> </ul>	<ul style="list-style-type: none"> <li>• Camera with protective case, spare batteries, film/memory card               <ul style="list-style-type: none"> <li>• Torch &amp; spare batteries (head torch is best)</li> </ul> </li> <li>• Travel adaptor plug/charger (for cameras &amp; mobile phone batteries)               <ul style="list-style-type: none"> <li>• Money belt</li> </ul> </li> <li>• Personal stereo - there is a stereo on the truck with iPod/MP3 adaptors               <ul style="list-style-type: none"> <li>• Towel &amp;/or sarong</li> </ul> </li> </ul>
Recommended Medical Kit List	
<ul style="list-style-type: none"> <li>• Antiseptic ointment/Antihistamine cream &amp; tablets</li> <li>• Nurofen or equivalent pain-killer</li> <li>• Eye-drops/bath</li> <li>• Anti-diarrhoea treatment</li> <li>• A couple of bandages (elasticated &amp; triangular)</li> <li>• Medication for personal allergies/asthma etc</li> <li>• Insect repellent containing Deet</li> </ul>	<ul style="list-style-type: none"> <li>• Some suitable antibiotics as recommended by your doctor for infected cuts or to treat severe dysentery               <ul style="list-style-type: none"> <li>• Rehydration sachets/vitamin tablets                   <ul style="list-style-type: none"> <li>• Assorted plasters</li> </ul> </li> <li>• 1 Course of malaria treatment</li> </ul> </li> <li>• Malaria Tablets - see Vaccinations &amp; Health section</li> </ul>

Even though our trucks are equipped with a comprehensive medical kit, we advise you to bring a small personal medical kit as our truck kit is not for general everyday use. It will also be your responsibility to carry your kit on included excursions and optional activities as some local operators may not have medical kits to hand.

## PHOTOGRAPHY AND ELECTRICAL EQUIPMENT

**Cameras (incl. Digital & Video Cameras)** - An easy to use 'point and shoot' will get you some good photos. For memorable shots, it may be worthwhile investing in an SLR camera, but be sure to get some practice in before the trip! Most towns and cities have internet cafes where you can download onto CD/internet sites - but don't rely on it. Internet speeds can be slow for uploading photos to social media or the Cloud.

**Photography** - Be aware of your surroundings when taking photographs and filming. Some locations will be sensitive or have local laws banning photography. For example it is usually forbidden to use cameras at borders or around government buildings, military installations, bridges and airports or to take photos of local officials. If you do take photos or film where it is not permitted you may find yourself being questioned by irate officials who may decide to confiscate your camera or instruct you to delete all the images/footage on your device. If in doubt ask for permission, or if there is no-one to ask use some common sense.

**Drones** - As the use of drones becomes more common, countries throughout the world are gradually updating their laws and restrictions on usage. The specific regulations will vary from one country to another, so do check the UK Foreign and Commonwealth Office advice for the latest information. As with cameras, use your common sense if you do use a drone and avoid operation in sensitive areas. If you plan to bring a drone on your trip with us please contact us first to ensure there will be a suitable place to store it while on your trip.

**Electrical charging & power supply** - It may be difficult to find a power source for charging at times, so a spare battery is a must.

Consider a 12V in-car charger (our vehicles are equipped with a couple of 12 volt cigarette lighter charger sockets - truck trips only) or bring along your 230V mains charger and travel adaptor plug for use at some of the hotels, hostels and campsites we stay at.

NOTE: 12V - 230V inverters cannot be used on our vehicles because of the power drain they cause.

Log onto [www.whatplug.net](http://www.whatplug.net) for information regarding the different electrical plugs and voltage used in each country.

## CONTACTING HOME

The internet and WiFi are available in many towns / cities you will visit. Do bear in mind that the connections can be unreliable and will not always be as fast as you are used to at home. If a lot of people try to use the internet at the same time the speed will be slower still, especially if trying to make Skype calls or upload photos / videos. During periods of the trip where we are wild camping, internet will be less common.

Some travellers choose to take an unlocked mobile phone with them and buy local SIM cards in each country, allowing them to use mobile data. If you particularly want or need regular internet access this may be a good option. Telephone calls can be expensive usually £1 to £5 for a three minute call.

**Online Diaries** - A great variety of free "travel blogs" are now available online, they are a good way of keeping relatives and friend up to date with what you are doing and a good place to upload photos, collecting messages as well as keeping a record for yourself.

## RESPONSIBLE TRAVEL

### Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- Water-to-Go: Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. Click [here](#) and enter the code OASIS15 to purchase your [Water-to-Go](#) products at 15% discount. Water-to-Go will then donate a further 15% to Oasis Overland Charity projects.

### While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to

refill your own water bottles from this supply, rather than purchase bottled water along the way- much more environmentally friendly and saves you money.

- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.
- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: [www.tourismconcern.org.uk](http://www.tourismconcern.org.uk)

**Community Projects** - Oasis are active in raising awareness and providing support to a number of projects and local schools where we believe we can make a positive difference. More information on the [projects we support](#).

## SECURITY

The UK Foreign and Commonwealth Office (FCO) offer country-specific advice, regarding not only security but also entry regulations, local laws and customs and health. We strongly recommend all travellers visit the FCO website, or the equivalent in their home country, to familiarise themselves with local conditions and issues in the countries they plan to visit before committing to a trip with us. You can view their website [here](#).

If you have any questions at all about the safety or security of your trip, please do not hesitate to contact us and we will be happy to discuss your trip in more detail.

**In cities** - All major cities have their share of petty crime (just like our cities) and sensible precautions need to be taken. Wearing expensive looking jewellery or watches and carrying cameras will draw unnecessary attention to you. Leave valuables such as passports and excess money in your hotel safe or truck safe (we recommend carrying a copy of your passport details page at all times). You may find a simple money belt is more discreet than a bag. Always be aware of your surroundings and when approached by people you do not know, use your common sense. At night in cities it's best to use a taxi, rather than walking around the streets, single women in particular need to be careful and we would suggest that it is safer to be in a group.

**On board the truck** - Each vehicle is fitted with a hidden, lockable safe to be used for money, passports and important documents. Group members will be responsible for the safe and Oasis Overland cannot accept any liability for clients' personal or monetary contents kept in the safe or on board the truck. We advise you to not take items of value that are not essential for the journey. In certain areas a roster may be drawn up for the group to share the task of guarding and keeping the vehicle secure.

## **TRAVEL INSURANCE**

It is a compulsory requirement that you have adequate travel insurance before you join any Oasis Trip, and at the very least are insured for all necessary medical & repatriation costs incurred if you need them.

You will be asked to provide the following details on the Traveller Information Form that you send in to us after making your booking. If you have not already done so: travel insurance name, insurance policy number & insurance emergency telephone number. You will also be required to give a copy of your policy with this information to your Tour Leader on arrival with confirmation that the policy duration is sufficient to cover you for the entire duration of your trip. It is also wise to leave a copy of your insurance policy with a friend or relative for safe keeping.

We believe that your safety and holiday enjoyment are very important. It is a mistake to think that "it will never happen to me". It is also very important that you are covered for all the activities that you may wish to undertake while on our trip. It is extremely important that you check the full extent of your cover related to 24 hour Medical Emergency Assistance. In the event of you needing medical treatment you want to know that you have the best cover available to you. Your policy should include adequate Medical Emergency and Repatriation cover as well as Cancellation, Baggage and Personal Liability cover. You need to be aware of EXACTLY what activities your policy covers you for. Please note that skiing is not usually covered in most insurance policies.

We offer tailor made Overland Adventure Travel Insurance that covers most of the adventure and sporting activities on our trips.

For further information on the insurance we offer, the activities covered and costs, check out the [Travel Insurance](#) section of our website. UK residents can purchase the insurance we

recommend directly through [Campbell Irvine](#).

## RESPONSIBLE TRAVEL

### Before you go

- Remove unnecessary packaging before you go - waste disposal facilities are often stretched or non-existent in the places we visit. To avoid unnecessary pollution of local water supplies take environmentally friendly toiletries with you.
- Why not invest in a wind-up or solar-powered torch or media player before you travel or at least rechargeable batteries.
- Learn some of the local language and read up on the local history/culture before you go. You'll get so much more out of your trip.
- Why not pack some pens/pencils exercise books in your rucksack and they can be donated to a local school or project while you're away. You can also purchase these items cheaply, locally which will help local businesses.
- Take a sturdy water bottle with you from home that you can re-use throughout your trip. We carry large quantities of purified water with us on our Expedition vehicles and it is much better for the environment if you drink this, rather than purchase bottled water along the way. (It also saves you money).
- **Water-to-Go:** Oasis Overland have partnered with Water-to-Go to help reduce the number of plastic water bottles consumed during a trip. Water-to-Go is a filtration system that eliminates over 99.9% of all microbiological contaminants including viruses, bacteria, chemicals and heavy metals from any non-salt water source. [Click here](#) and enter the code OASIS25 to purchase your Water-to-Go products at 25% discount.

### While you're travelling

From experience gained in running trips, we have developed our own practical and manageable environmental policy which all of our crew practice on the trips we operate, and they will share this information with you at the start of your trip. We welcome your input on this, plus any new ideas you may have, to improve our existing procedures. As a guide here's a few tips to bear in mind.

- Don't waste water. It is a scarce resource in many of the places our trips visit. On all our Ultimate and Overland Expeditions we carry large quantities of purified water with us. We encourage you to refill your own water bottles from this supply, rather than purchase bottled water along the way - much more environmentally friendly and saves you money!
- Never buy endangered species or endangered habitat products. Apart from the fact of it being illegal it also encourages the trade to continue.
- Look after and preserve the areas we visit. Be careful about stepping on coral reefs or trekking on undesignated tracks.
- Buy locally made crafts and products helping to support the local economy.

- Don't feel when bargaining that you have to get the cheapest price possible just for the sake of it. Pay what the item is worth to you & don't worry about what someone else has paid.
- Try the local food and drinks - this will help to support local farmers and food sellers. Sitting in a local cafe is also a great way to meet local people.
- Dispose of litter appropriately on your trip. This includes cigarette butts. Not only does litter look unsightly it can be lethal to wildlife.
- Where any toilet facilities exist, however unsavoury they might seem to you, they should be used. Where they do not, always bury your waste and make sure it is never near, (at least 30m) a water source.
- When game viewing do not encourage your guides to get too close to the wildlife so that their natural behaviour is impeded.
- Respect local customs, traditions and beliefs of the people in the different regions that you travel through.
- Do not take photos of people, ritual events or special places unless you have asked first. Dress appropriately according to local codes and show respect around religious festivals.
- Recycling is almost non-existent in many of the areas and countries we visit - we do the best we can with limited resources & space on our vehicles.
- For books dedicated to travelling more responsibly & ethically see: [www.tourismconcern.org.uk](http://www.tourismconcern.org.uk)

## WHAT TO EXPECT

---

### LIFE ON THE ROAD

The Oasis truck will be your new home giving you a comfortable, secure base with which to experience your trip. As part of the adventure you will be expected to have an active involvement in the day to day running of the trip, be part of the group and get stuck in and help with various tasks, whether it's cooking meals over open fires, pitching your tent or keeping the truck clean and tidy.

### Seatbelts

All Oasis Overland trucks are fitted with seatbelts. For your own safety and security we recommend that travellers wear these at all times whilst the vehicle is moving. Our overland trucks in Africa also have a 'beach area' which is a chill out zone to be used when the truck is not moving.

### Accommodation

This tour has been designed to stay in a wide range of different accommodations to provide you with a good experience of exploring Africa in different ways.

**Camping** - Oasis uses roomy three-person tents but only for two people. They are specially made for us to meet the tougher conditions of an overland trip and have mosquito netting sewn into the door and windows. Tents are shared (between two people of the same sex from your group unless you are a couple). We spend some nights bush or desert camping and the rest of the time in campsites.

Facilities and standards at campsites vary, some are well equipped and managed and some are very basic. At bush camps you will be living off the truck, so there will be no showers or en-suite facilities! At certain campsites there is the opportunity to upgrade to a private room at your own expense if you are missing your bed.

**Lodges / Hostels** - At some locations we will stay in lodges and hostels that are small, locally run establishments. The accommodation will vary depending on the rooming available, from dormitory style rooms, to twins/doubles or triple rooms. Upgrades may be available on arrival, but cannot be reliably pre-booked. Please refer to the individual trip inclusions for the percentage break up of your accommodation.

**Hotels / Permanent Camps** - This tour also stays in a few higher standard lodges or permanent camps. These are very comfortable with good facilities, en-suite bedrooms and sometimes beautiful settings.

### **During the day**

As a guide, driving days normally start at about 8am and finish at about 5pm, with stops for lunch and buying food, seeing local sights etc. We won't be driving every day, although there are times when we will drive for two, but we will then stop for a few days and you will have free time to explore, meet local people, do some optional activities or just relax and do your own thing. Expect to sometimes get dusty & dishevelled during the day and although you will be able to shower most nights (except at bush camps), not all camps will have hot showers.

### **Meals & cook groups**

When 'on the road' or camping, we usually cook using gas or over open fires in a rota system and you can expect to cook in a group of three or four people approximately two or three times on the trip, depending on the number of people on trip and whereabouts you are. Your cook group will have to decide on what to cook, utilise stocks from the truck stores and locally obtain ingredients from markets, shops etc. and rustle up a meal. But don't worry if you're not a Gordon Ramsay as the rest of the group and the Tour leader usually lend a helping hand. Here is an idea of what to expect at meal times:

**Breakfasts:** Usually simple - we help ourselves to cereal, toast, hot drinks and on occasion we will splurge with a cooked breakfast.

**Lunch:** Cold and usually quick. The cook group will put out bread, tinned supplies and maybe make a salad.

**Dinner:** Cooks come into their own in the evening, and will always attempt to cook up some delights. When the truck is parked up for a few days in a town or city most people usually like the option to eat out at local restaurants - so we often don't cook all meals when at these locations. Several group meals at local restaurants are also included on this trip.

**Vegetarians / Vegans / Coeliacs / Gluten & Lactose intolerance** - Our Tour Leaders will always do their best to cater for any dietary requirement or intolerance whenever possible. However we do not cater for fussy eaters. It must be remembered that the variety of dishes available may not be the same as available to meat eaters. If there is anything in particular you require in your diet or because of an allergy or would miss from home, it would be best to bring these with you, as these cannot be purchased with the set budget due to the high cost of these specialised and often imported foods.

Remember that when eating out in local restaurants & hotels that vegetarianism or food allergies / intolerances, are still not widely known about or understood by many local people. i.e Vegetarians or Vegans will often be offered fish or chicken in error. Most large towns and cities, or areas used to tourists, will often have more choice but please be aware that it will probably not be as varied as you are used to when eating out at home.

### **In the evenings**

When at a bushcamp or campsite where you and your tent buddy will put up the tent, and then lend a hand with getting out the tables, stools, firewood and water containers. The fire grates need to be taken out, the fire lit and someone can fill the kettle and make hot drinks while the cook group prepares the evening meal. Then just sit back & chill and enjoy the rest of your evening!

### **Oasis Crew**

We usually have two crew whose duties are extensive and quite demanding, with challenges ranging from driving and maintaining the expedition vehicle to a high standard, to organising visas and border crossings, arranging accommodation, pre-booking some excursions and guides, helping with shopping and cooking as well as finding the best deals, socializing and making sure everything runs as smoothly as possible. While our crew are usually experienced and knowledgeable they are not tour guides as such. Our trips pass through many countries and our tour leaders cannot be expected to have detailed knowledge of each country's history, flora and fauna and archaeological sites. Even so - they will be more than willing to pass on any interesting and useful information that they have acquired whilst on the road. A rewarding way to gain a better insight into the wildlife, cultural and historical diversity of the countries we travel through is by reading guide books as well as talking to the local people and using local guides.

Adventure travel can be unpredictable and occasionally our crew may have to amend the itinerary to take into account changing local circumstances or because of a delay at a border or because of circumstances outside our control. This can all lead to additional work and commitment for our crew who will do all they can to minimize any disruption to the trip. While our crew are essentially on call 24 hours a day 7 days a week, it has to be remembered that no one is actually expected to work these hours, so at Oasis we are realistic that within a trip there will be times when our crew need 'down time' and a chance to relax and 'let their hair down' as well. They are only human!

### **Itinerary**

Because Oasis Overland do not operate normal 'package holidays' the itineraries given cannot be guaranteed to run exactly as outlined. However, it is rare that we have to make major changes and in

the event that we do this will be discussed with you either before or during the trip. It is important to bear in mind that should it not be possible to enter a certain country due to safety concerns, visa problems or political turmoil etc, and it becomes necessary to fly over a country in order to continue a trip, that all costs for flights will be borne by you and not Oasis. Should it not be possible for an Oasis trip to begin from a scheduled starting city due to border closures, civil unrest etc, Oasis will make all reasonable efforts to begin the trip from an alternative location. However, all additional costs that you may incur in travelling to the alternative location will be paid by you or your insurance company and not Oasis.

## **TRIP ITINERARY**

---

### **Arrive in Windhoek. Transfer to hotel**

When you arrive, our staff will greet you at the airport and take you to your hotel to kick off your trip. You'll have the rest of the day to relax and get settled in. Later, at 6 PM, we'll hold a pre-trip meeting where you'll meet our crew and get acquainted with the overland expedition vehicle that will be your home for the next two weeks.

*Meals: No meals included today*

*Overnight: Sweet Thorn Lodge or similar - rooms*

### **Travel to Sesriem and the Namib Naukluft National Park**

After breakfast, we'll head south to Namib-Naukluft National Park. The drive will take us through breathtaking desert and mountain scenery, making it hard to focus on the road! That evening, we'll camp in a beautiful spot near the Sossusvlei dunes, inside the park, which is home to the world's tallest sand dunes and one of the planet's largest salt pans.

*Meals: Breakfast at the accommodation. Lunch and dinner eaten at the truck.*

*Overnight: NWR Sessriem campsite - camping*

### **Dune 45, 4x4 to Sossusvlei & Deadvlei**

This morning, we'll have the chance to climb the towering sand dunes at Sossusvlei, one of Namibia's top attractions and a highlight on many tourist posters. Kids can compete with their parents to reach the summit of Dune 45, where breath-taking views of an endless 'world of sand' await, extending all the way to the Atlantic, 50 miles away. The kids can then enjoy a thrilling slide back down, a favourite activity, especially since breakfast awaits them at the bottom.

We'll then take a jeep safari to the clay pan at Deadvlei. Here, 900 year old dead black trees are preserved by the dry climate and heat and make for spectacular photographs against the bleached-white pans, rusty-red sand dunes and the blue sky.

Later, we head north through the rugged, isolated landscape to our campsite for the night in a wide open desert setting.

*Meals: Breakfast, lunch and dinner eaten at the truck.*

*Overnight: Bushman's Camp - camping*

### **Namib Nakluft Desert Walk, to Swakopmund**

This morning, accompanied by an expert guide, we'll explore the Namib Desert and gain fascinating insights into its wildlife. It's not just about the Big 5; there are also the Little 5 to discover! We'll encounter some of the smaller inhabitants of this unique ecosystem and learn how they've adapted to thrive in the desert. Who knows, we might even spot the beetle that performs a headstand each morning to collect fog on its back, which then trickles down to its mouth!

Later we drive north-west to the Atlantic coast and the town of Swakopmund where we will settle into our accommodation and then enjoy a group meal out in the evening.

*Meals: Breakfast & lunch at the truck, group dinner*

*Overnight: Amanpuri Lodge - rooms*

### **Swakopmund, free time**

Swakopmund is Namibia's favourite holiday destination and its adventure capital. With a wide range of family-friendly and adrenaline-pumping activities, along with beautiful beaches, it's easy to see why it's so popular. This coastal resort offers a refreshing change from the land-based wildlife experiences you'll have in Namibia. Families can enjoy a catamaran cruise to spot dolphins, flamingos, and even whales near Walvis Bay, or kayak alongside playful seals at Pelican Point. Older kids will love sandboarding, fat biking, or embarking on 4x4 and quad biking adventures in the nearby dunes. If you prefer a more relaxed pace, the town is filled with cafes, art galleries, and museums to explore. You'll have plenty of free time to choose from a variety of optional activities.

*Breakfast at the accommodation. Lunch, dinner and activities at your expense*

*Overnight: Amanpuri Lodge - rooms*

### **Swakopmund, free time**

You have the whole day free here to participate in optional activities of your choice.

*Meals: Breakfast at the accommodation. Lunch, dinner & activities at your own expense.*

*Overnight: Amanpuri Lodge - rooms*

### **Skeleton Coast Shipwrecks & Cape Cross Seal Colony**

As we leave Swakopmund, our adventure takes us north along the Skeleton Coast to Cape Cross, a nature reserve famous for hosting one of the largest colonies of Cape fur seals in the world. This site also marks the spot where the first European explorer set foot in Namibia in 1486. Kids can immerse themselves in the lively atmosphere, observing the fascinating interactions of the seals from a wide walkway, safely separated from them by a low wall. As they stroll through the colony, they'll have the chance to discover intriguing facts about seal life at various information points, and even look up at a modern replica of Diego Cao's historical cross.

Continuing inland, we'll head to our overnight camp, a small family-run site in the heart of the Namibian desert. This camp supports the local Himba community and helps provide schooling for their children. While we're there, there is an optional tour to meet some local tribe members and learn more about their culture, traditions, and way of life in the bush.

*Meals: Breakfast, lunch and dinner at the truck.*

*Overnight: Ozohere campsite - camping*

### **Drive to Etosha NP. Evening game drive**

If you've loved the desert scenery and wildlife so far, it's time for a classic safari as we head north to the southern entrance of Etosha National Park, renowned for its exceptional game-watching opportunities in Africa. We'll arrive in Etosha by the afternoon, and that evening, we'll embark on our first game drive. Later, we'll have the chance to observe wildlife visiting a nearby floodlit waterhole.

*Meals: Breakfast, lunch and dinner at the truck today.*

*Overnight: NWR Halali campsite - camping*

### **Etosha National Park**

Many safari enthusiasts regard Etosha as one of Africa's premier wildlife reserves. Covering 8,600 square miles, it features a vast salt pan that is four times the size of Los Angeles and is even visible from the moon! The park is home to four of the 'Big Five' (elephants, rhinos, lions, and leopards). As Namibia's top wildlife attraction, there's no better way to experience it than from the comfort of a truck, stopping as needed at various watering holes. Kids will love playing the role of David Attenborough, spotting giraffes, zebras, wildebeests, and elephants wandering nearby, or even lions lounging by the roadside. With 114 different animal species and over 300 bird species, there will be plenty to keep the kids engaged as animal spotters. We'll turn off the engine when needed to soak in the sight of herds of zebras, impalas, and more gathered around the watering holes. During the dry season (May to October), these areas host an incredible number of animals, making August the ideal time for a family safari adventure.

*Meals: Breakfast, lunch and dinner at the truck today.*

*Overnight: NWR Namutoni campsite - camping*

### **Head to Rundu, views of Angolan Flood Plains and boat trip**

After spending a couple of days in Etosha, we'll set off north again after breakfast, heading toward the remote northwest of Namibia to the southern banks of the Okavango River, which borders Angola. Rundu, the administrative capital, is a vibrant town that offers a fascinating glimpse into a thriving African community, where we can stock up on supplies. Once we've settled into our overnight camp, we'll embark on a cruise along the Kavango floodplain, where we can enjoy a stunning sunset while observing the local birdlife and wildlife.

*Meals: Breakfast, and lunch at the truck. Group dinner included today.*

*Overnight: Tambuti lodge - rooms*

### **Mbunza Living Museum. Travel to Ngepi on the Okavango**

An optional visit is available this morning to the Mbunza Living Museum. As a community initiative for the local people of the Kavango, this sustainable project allows them to preserve their traditional culture while generating additional income. A key component of the interactive program at the Living Museum is the demonstration and preservation of the fishing and agricultural practices of the Mbunza people. The traditional presentations cover various aspects of daily life, including cooking, fire-making, basket and mat weaving, as well as bushwalks and fishing. They also delve into specialized skills such as blacksmithing, pottery, and drum-making. Like all Living Museums in Namibia, the Mbunza Living Museum aims to provide visitors with an authentic and in-depth look at traditional, pre-colonial culture, which particularly appeals to younger travelers.

From there, we'll head to the Caprivi Strip, often referred to as Namibia's answer to the Okavango Delta. This region offers an incredible water-based safari experience. Nestled between Angola, Zambia, and Botswana, near the tip of Zimbabwe, it is surrounded by five perennial rivers—Chobe, Kwando, Linvanti, Okavango, and Zambezi—making it a sanctuary for elephants, hippos, crocodiles, and buffalo. Birdwatching here is exceptional, with an impressive 660 different species recorded. Families can enjoy a wide range of activities, including game viewing by boat, sunset cruises, and canoeing adventures, all of which provide a wonderful way to relax and reconnect. The Caprivi Strip serves as a gateway to our next adventures in Botswana and Zimbabwe.

*Meals: Breakfast, lunch and dinner at the truck today*

*Overnight: Ngepi lodge - camping*

### **Free day on the Okavango (optional activities)**

You have a free day today on the Okavango River, with a wide variety of optional activities to choose from.

One option is a Mokoro cruise, where local poler guides will navigate the extensive waterways in traditional dugout canoes. This offers a unique experience and a fantastic perspective of the surroundings from a hippo's eye view.

Additionally, there are various other optional safaris, including game walks and game drives with expert guides, providing the opportunity to see elephants, crocodiles, and hippos up close.

The Okavango Delta is one of the largest inland waterways in the world, and its tranquil beauty will leave you feeling incredibly relaxed.

*Meals: Breakfast, lunch & dinner at the truck*

*Overnight: Ngepi Camp - camping*

### **Chobe National Park, evening boat safari**

As we leave Namibia, our journey takes us across the border into Botswana, heading to the Kasane region along the Chobe River. Chobe is renowned for its large populations of elephants and buffalo, which often gather in astonishing numbers. With an estimated 40,000 to 60,000 elephants, these gentle giants are constantly nearby. We'll be there during the dry season, when thousands of them line the riverbanks and cross the water towards our campsite, offering the kids an unforgettable chance to see them up close and create lifelong memories. Our evening river cruise provides excellent photo opportunities and is sure to keep everyone captivated, making it a delightful way to watch the sun set over the horizon.

*Meals: Breakfast & lunch at the truck today. Dinner at own expense*

*Overnight: Chobe Safari Lodge or similar - camping*

### **Optional safari, head to Victoria Falls**

This morning, you have the option for a final game drive into Chobe National Park (not included). Today's journey will take us across the border into Zimbabwe, leading us to our final destination: Victoria Falls, one of the seven natural wonders of the world and statistically the largest waterfall on the planet. Known as "The Smoke that Thunders" in the local Tonga language, Victoria Falls boasts the largest single curtain of falling water in the world, with 70% of its breathtaking views visible from the Zimbabwe rainforest. The impressive roar of the falls can sometimes be heard from 40 kilometers (25 miles) away. At its peak, about 150 million gallons of water cascade over the falls every minute—an unfathomable amount. To put this into perspective, a standard bathtub holds 40 gallons, so 1 million gallons would equal 25,000 bathtubs. This means that the staggering 150 million gallons equates to 3.75 million bathtubs worth of water thundering over the falls each minute. That's an incredible volume!

The rainforest surrounding the falls experiences constant rain from the endless spray, creating a unique ecosystem that is a botanist's dream and a birdwatcher's paradise. Some species found here are not found anywhere else, and families are encouraged to venture a little beyond the 2-kilometer path and various viewpoints to spot them. One of the remarkable aspects of the falls is that the area remains largely uncommercialized. In fact, when standing by the falls, your view would be quite similar to what David Livingstone saw when he first encountered them in 1855. After our visit to the falls, our journey comes to an end (for now, at least!)—a truly unforgettable experience to cap off the

trip.

*Meals: Breakfast and lunch at the truck. Group dinner included today.*

*Overnight: Victoria Falls Rest Camp or similar - rooms*

## **Victoria Falls free time and departure**

You have the entire day to explore this natural wonder at your own pace before your departure flight. A variety of optional adventure activities are available, including white-water rafting, bungee jumping, gorge swinging, and evening horseback riding. If you prefer a more laid-back experience, you can visit the local craft markets and coffee shops. An airport transfer to Victoria Falls International Airport is included, and you can also add extra nights here if you wish.

*Breakfast at the truck today*

## **OPTIONAL EXCURSIONS**

---

Optional Excursions are paid for on the day and organised during your trip, so you can decide whilst travelling which activity you may want to do. Prices listed are only a guide and may be dependant on fluctuating exchange rates and minimum numbers. Please see below for more details.

### **NAMIBIA**

Title	From Price
Quadbiking – 2hrs	US\$55
Mokoro trip – 2.5hrs	US\$17
Mokoro trip – half day	US\$36
Boat cruise drive	US\$16
Guided walk drive	US\$16
Sandboarding – Lying Down / Standing Up, from	US\$45
Horse Riding	US\$60
Dolphin Cruise	US\$65
Game Fishing – 1 Day	US\$120
Paragliding	US\$115
Tandem Skydive	US\$220
Mahango game drive	US\$34
Full day Delta experience (morning Moroko, lunch, afternoon game drive)	US\$67

## BOTSWANA

Title	From Price
Chobe morning game drive	US\$55

We feel that having optional excursions gives a greater degree of flexibility and independence to our group members; independence to decide how much your spending budget can afford; flexibility to decide when and what time of day or with whom to visit a particular site, rather than for example, with the whole group at a pre-ordained time.

You pay for the optional excursions to the local operator, ensuring the money stays with that operator in the local community and this ensures as well, that you are paying the true price for any optional excursions you want to do. This also applies to accommodation costs before and after the trip. Please note that the prices of optional excursions quoted are approximate as local prices can and do change. Please see the relevant trip page for the Optional excursions you can do on that trip and a list of prices.

**Notes downloaded on:** 19-04-2026
